- ❖ Professional audio/ sound bytes from close family and friends on the wedding day.

Blow-Up Photo(s):

- ❖ Should you wish to have a specific photo blown up for display at your rehearsal or wedding, Sapphire Productions can take care of that for you.

Customize Your Wedding Package:

- ❖ Should any of the above packages not accommodate your needs, Sapphire Productions will discuss budget and video request(s), and design a package accordingly.

- ❖ Should you just want our videographer(s) to Shoot and hand over the raw footage, we can accommodate that need as Well.
